Increase of About Fifty
Percent Over Number
in Preceding Years

NO SEMBLANCE OF CROWD

Surprise of Day is Filing of
Complete Slate for Higher Of-
ficers Headed By Lowden

RECEIVE GREAT BULK BY MAIL

SPRINGFIELD, Ill., July 15.—Between 1,200 and 1,500 petitions of candidates seeking nomination for state and congressional offices at next September's primary election were filed with Secretary of State Stevenson here today. This was an increase of about fifty per cent over the number of petitions filed in preceding years.

No Semblance of a Crowd.

In strong contrast to former opening filing days no violence and not even the semblance of a crowd was seen at the state house. The great bulk of the petitions were received thru the mails and these will be given preference to the few sent in by express or brought by candidates personally or by their messengers.

A surprise of the day was the filing of a complete slate of candidates for the higher state offices headed by Frank Lowden for governor. Late tonight Secretary Stevenson said this was the only petition bearing Lowden's name that had been filed thus far, but men acquainted with Republican politics and politicians were of the opinion that the petition carrying Lowden's name was not really the Lowden faction slate. Many even doubted that Lowden knew about this slate.

Names Petition for Secretary.
A large majority of the signatures of this petition were obtained by John A. Peterson who was named on the petition as candidate for Secretary of State. The other candidates on this petition were:

For Lieutenant Governor: Michael Garrity.
Treasurer: Henry F. Batterman, Attorney General: George J. Glover.

Auditor: William F. Peters.
Congressman at Large: William P. Lang and David Larson.
All are from Chicago.

The addresses of Glover, Peters and Peterson were given as 1011 Rush street, Chicago.

Republican Petitions Filed.
In addition to Peterson's ticket, the Republican candidates whose petitions had been filed by six o'clock were:

For Governor: Morton D. Hull.
Lieutenant Governor: John G. Oglesby, Elkhart; S. W. Latham, Eldorado; Albert Goodman, Chicago.

For Secretary of State: L. L. Emerson, Mount Vernon; Charles F. White, Chicago; Albert Erickson, Chicago.

Treasurer: Len Small, Kankakee; George A. Keys, Springfield; A. L. Mitzel, Elgin.

Attorney General: R. J. Barr, of Joliet and George H. Wilson, Quincy and Edward J. Brundage, Chicago.

Auditor: Homer Tice, Greenview; Andrew Russell, Jacksonville; Thomas W. Collier, Chicago; George A. Smith, Chicago, and Harry L. Heer, Rockford.

Congressmen-at-large: Medill McCormick, Chicago and Burnett M. Chipfield, Canton.

William J. Lorimer filed for the Republican nomination for congressman from the Sixth district and is opposed by Arthur W. Fulton, Carl T. Murray, John C. Cosgrove and Meyer Stein.

Woodruff's Petition Mailed.
Friends of Mayor Edward Woodruff of Peoria said today that his petition for the Republican nomination for governor had been mailed to the secretary of state, but Secretary Stevenson said he had not come across it by six o'clock. At the same hour no petitions had been filed for Frank Smith of Dwight and John A. Wheeler of Springfield who had announced their candidacy for the Republican nomination for governor.

The Democratic candidates who had filed for high state offices by six o'clock tonight follow:

For Governor: Edward F. Dunne, incumbent.
Secretary of State: Lewis G. Stevenson, incumbent.

Auditor: James J. Brady, incumbent; M. W. Culett of Chicago.

Attorney General: P. J. Lacey, incumbent.
No petitions for the Democratic nomination for state treasurer or lieutenant governor had been filed at that hour. Secretary Stevenson said it is understood locally, however, that Lieutenant Governor Barratt O'Hara will be candidate for re-election and that he may be opposed by Anton Cermak, the Roger Sullivan

War News Summarized

British forces now have reached the third line of the German defenses north of the Somme and have advanced four miles since the beginning of the present offensive on July 1st.

Berlin officially admits that General Haig's forces have gained some ground and that they have occupied the Trones wood. British losses in the attack are described by Berlin as being "most severe."

The Germans claim the attack has been stemmed but say the fighting continues.

In addition to pushing back the German lines, the British have captured 2,000 more prisoners. The German resistance has been stubborn but the British have been able, thus far to retain the positions attained.

On the Russian front the most intense fighting is taking place near Baranovich, while the situation on the Stokhod river remains unchanged.

The village of Skrobowa has been the scene of desperate encounters, both Petrograd and Berlin announce. The Russian war office details the repulse of three German attacks against the village after which the Russians attacked and gained new positions.

Berlin claims the recapture of parts of the positions lost to the Russians in the Skrobowa region early in July. In addition Prince Leopold's forces took 1,500 prisoners.

Northwest of Friederichstad the Germans have repulsed Russian attacks, while the Russians assert they repulsed a German offensive southeast of Riga.

In Galicia near Delatyn, Vienna claims the repulse of Russian vanguards which attempted to enter the town as well as the failure of an attack against the Austrians southwest of the town.

The Russian forces continue their advance west of Erzerum and now are within ten miles of Balbut.

Petrograd also reports successful fighting at other points along the line, especially in the region of Mush.

Italian troops have taken strong Austrian positions at the head of the Posina Valley and stopped violent attempts to recapture them.

Rome declares that Italian successes in the Tofana region following the capture of Monte Castelletto, have been "very marked."

On the sea there have been additional successes for the Central Powers. A German submarine, a Berlin admiralty statement says, has destroyed a British auxiliary cruiser of about 7,000 tons in the North Sea.

Off the English coast German submarines have sunk three British patrol boats. An Austrian submarine has sunk an Italian destroyer.

MANY POINTS REPORT SHARKS KILLED, CAPTURED AND SEEN

Schools of sharks are reported in Long Island Sound—One Is Killed Near Stepping Stone Lighthouse.

New York, July 15.—Reports of sharks killed, captured and seen, came from many points today. Two of the man eating species were caught alive, one being hooked in Princess Bay, Staten Island, and the other taken in a net at Atlantic Highlands, N. J.

Schools of sharks were reported in Long Island sound. Near Stepping Stone Lighthouse one was killed which measured 7 1-2 feet long. It became entangled in a net.

Captain Hill of the steamship Finland, arriving today from Liverpool, said he sighted two enormous sharks off Fire Island.

Up the Hudson river as far as Ossining, N. Y., fishermen reported they had seen the huge fish and three men fishing off the Larchmont breakwater in the sound made for shore when they saw what appeared to be sharks.

Residents Matawan, N. J., continued their hunt for the sharks that killed Lester Stillwell, a small boy, and Stanley Fisher, a grown man. The funerals of the two victims were held this afternoon.

PROF. METCHNIKOFF DIES.
Paris, July 15.—Prof. Elie Metchnikoff, the famous bacteriologist is dead. His death was not unexpected as he had suffered from heart disease. Professor Metchnikoff died in an apartment at the Pasteur Institute with which he had long been connected and of which he was one of the directors. Madame Metchnikoff who has been constantly at the bedside of her husband during his illness, was with him at the end.

BARBER ATTEMPTS SUICIDE.
Bloomington, Ill., July 15.—John Worley, aged forty, a barber of Cooksville, lies at the point of death from a bullet wound in his left breast which he inflicted in an attempt to end his life, brooding over his arrest yesterday in this city for disorderly conduct.

candidate. There was some talk here today of a compromise between the Dunne and Sullivan factions and it is considered possible that only one Democratic candidate for lieutenant governor will be put forward.

Secretary Stevenson said tonight that his force would work on the petitions in shifts all night and all day Sunday and into Monday if necessary.

CALLS PROGRESSIVE NATIONAL CONVENTION

PARKER WOULD HAVE PARTY NAME
CANDIDATES AUGUST 5

Call on "Patriotic Men and Women of America" to Continue Party's Existence as a Distinctive Political Organization.

New Orleans, July 15.—A statement and call to the "patriotic men and women of America" to hold a new national convention of the Progressive party in Chicago on August 5th, and nominate candidates for president and vice-president and continue the party's existence as a distinct political organization was issued here tonight by John Parker, vice-presidential nominee of the Progressive convention held in Chicago last June. He urges the Progressives to "eternally bury" the Bull Moose, which he asserts "led his loyal followers into the wilderness" and to adopt in its place the American Eagle as the emblem of the party.

Mr. Parker does not mention Colonel Roosevelt or any other Progressive leaders or any candidates by name. He declares however, that the Progressives had supposed their leaders "red blooded Americans, who promised 'with their life blood' to stay with the party to the finish," but that the party had been deserted by a large part of its officers, who could not stand the acid test. He charges the leaders for "steam roller reasons have elected to be steam rolled" and that the time has come when every party working for human welfare and the future of America should unite against both dominant parties. In criticizing the Republican party the statement indirectly refers to Charles E. Hughes, Republican candidate for president, as a "splendid man" selected by the Republicans "as the mask behind which they hope to again gain control of the state and nation."

Mr. Parker declares he does not want office and states his willingness to withdraw as the Progressive candidate for vice-president and labor in the ranks and on the stump to prove his loyalty to Progressive principles. His inclusion of women in the call is taken to mean that the party is to unreservedly pledge for woman suffrage and that the women voters in the suffrage states are invited to join the Progressive party and work for its success in the coming election.

SALES MANAGER OF CHALMERS MOTOR COMPANY SUICIDES

Leaps From Window of His Room in a New York Hotel—Graduate of Illinois University.

New York, July 15.—Paul Smith, vice president and general sales manager of the Chalmers Motor company of Detroit, leaped from the window of his room on the tenth floor of the Hotel Baltimore here today and was crushed to death in the street below. His physician, wife and friends attributed his act to a nervous and mental collapse following the successful completion of a business deal said to have involved \$6,000,000.

Mr. Smith, who was 32 years old, came to New York last Monday. He complained to friends that he was ill and sent a telegram yesterday to his wife urging her to join him here. She arrived this morning and when she had turned her back for a moment to arrange breakfast which had been served in their rooms, Mr. Smith disappeared thru the window. He was graduated from the University of Illinois and practiced medicine a short time. He started in the automobile industry as a factory hand in Detroit. He was connected with the Studebaker, Lozier, Good-year and Metzger companies before going with the Chalmers concern two years ago. He is said to have disposed of \$22,000,000 worth of automobiles in one auction sale.

Attended Illinois Wesleyan.
Bloomington, Ill., July 15.—Mr. Paul Smith was born in Vermont. He attended Illinois Wesleyan university of Bloomington while his father was president of that institution and in his senior year went to Center college, Danville, Ky., from which he was graduated in 1903. He first engaged in the automobile business in Indianapolis, Ind.

SMITH BEGINS TOUR TUESDAY.
Chicago, July 15.—Frank L. Smith of Dwight, candidate for the Republican nomination for governor will begin the seventh week of his automobile tour down state next Tuesday at Quincy. His itinerary for the week includes a trip thru Adams, Schuyler, Fulton, Knox, Henry and Pike counties.

ONE KILLED WHEN AUTO HITS WORK TRAIN
Marshalltown, Iowa, July 15.—William Hoffman, 45 years old, was instantly killed and four members of an automobile party were injured when a car driven by George Smith, a farmer of this city, crashed into a work train on a crossing here late today. Smith, his wife and daughter received minor injuries. A son, Claude, 12 years old, was seriously hurt.

SUSPEND LOADING OF DEUTSCHLAND

Removal of Rubber From
Bags Causes Lengthen-
ing of Time

NO NICKEL LOADED SO FAR

Improbable that Submarine Can
Get Away With Full Cargo
Before Monday Night

GIVE LOVING CUP TO CREW

BALTIMORE, July 15.—The loading of the cargo for the return trip of the German submarine merchantman Deutschland was suspended late this afternoon and altho a permit was obtained for work tomorrow it was undecided tonight whether it would be taken advantage of.

It originally was intended to ship rubber in the bags in which it had been packed, but it was found this would take up too much space. The removal of the rubber from the bags consequently will cause an unexpected lengthening of the time for loading and it is considered improbable that the Deutschland could get away with a full cargo before Monday night. No nickel so far has been loaded on the submarine, while apparently less than fifty tons of rubber have been placed in the hold.

Captain Paul Koenig, the submarine's commander, and Admiral Axel Von Eckerman, chief engineer of construction of the Swedish navy, were guests of Mayor James H. Preston at dinner tonight.

Captain Koenig was "this afternoon presented with a handsome silver loving cup for himself and crew by Madame Christiane Langenhan, a former grand opera singer, who is the wife of Hugo Boucek of New York. Mr. and Mrs. Boucek motored to Baltimore and made the presentation at a downtown hotel.

The cup is mounted on an ebony base and beneath an American flag there appears this inscription:

"Presented to the conqueror of English prestige on the seas and to the commander of the first merchant submarine, the Deutschland, Captain Paul Koenig, and the crew, in commemoration and appreciation of their services by Christine Langenhan, royal opera singer, July 15, 1916."

A. Schumacher & Co., agents of the North German Lloyd company, announced today that positively no mail will be sent on the Deutschland. The statement was necessitated it was said by the fact that the office is being deluged with letters from all over the United States with requests that they be forwarded to Germany on the submarine.

AMERICAN CIVILIANS PURSUE BANDIT VALENZUETA INTO MEXICO

WASHINGTON, July 15.—First official information about an expedition of American civilians into Mexico by automobile in pursuit of the bandit Valenzueta, who murdered William Parker and his bride near Hachita, N. M., June 27, reached the war department tonight in a message from General Pershing. Valenzueta had escaped to the mountains, but the pursuers captured his wife and uncle and brought them back across the American border.

General Pershing did not say what disposition had been made of the prisoners. His dispatch follows:

"Have ascertained definitely that about twenty Americans accompanied by three Mexicans entered Mexico in the vicinity of Hachita in pursuit of Andres Valenzueta and wife who murdered Mr. and Mrs. Parks near Hachita about June 27. Americans traveled in automobiles reaching San Pedro ranch about ten miles from Ogitas about July 5. Valenzueta fled but his wife and uncle were made prisoners and taken back to the American side of the border. No one was badly treated or molested and only the wife and uncle made prisoners. Names of Americans not known, but have names of several men suspected."

NEWLANDS' RESOLUTION PASSES THE HOUSE

Washington, July 15.—The Newlands' joint resolution passed by the senate last February creating a joint subcommittee from the membership of the senate and house commerce committees to investigate various railroad problems including government ownership and regulation and necessity of further legislation was adopted by the house today without record vote.

TENTATIVELY AGREE ON DATE.

Washington, July 15.—Adjournment of congress not later than August 26th, was tentatively agreed upon by the senate Democrats in caucus tonight to revise their legislative program with a view of bringing the session to an end.

BUSINESS SECTION OF IOWA TOWN BURNS

FIRE PAGES THREE HOURS BEFORE
BEING BROUGHT UNDER CONTROL

Two Men Badly Burned Fighting
Flames at New Hall, Iowa—Total
Loss Is \$100,000—Gasoline Stove
Explosion Starts Fire.

New Hall, Iowa, July 15.—The business section of this city was wiped out by fire today, both sides of the main street being burned to the ground. The fire started at 11 o'clock this morning in the living rooms of Al Strawn over a pool room and barber shop he operated. A gasoline stove exploded. Within a few minutes the frame structure was afire and the flames quickly spread to adjoining buildings. It was not until 2 o'clock this afternoon that the fire was under control. Two men were badly burned fighting the fire. The total loss is \$100,000.

The following firms were burned out:

Marvin cafe.
Charles Erland, harness shop.
Opera house.

POSTPONE CONSIDERATION OF NAVAL BUILDING PROGRAM

WASHINGTON, July 15.—Consideration of the enlarged naval building program was postponed in the senate again today, but will be taken up Monday.

Senator Borah forced out a provision to permit the president, in time of war or when war is imminent to compel firms, manufacturers or individuals to produce such materials as the country may need.

Charges that attempts were being made to inject into the line of the navy were made by Senator Weeks during an unsuccessful fight against a provision to permit the secretary to designate annually thirty civilians for ten years to positions in the engineering departments of the navy with the ranks of ensigns.

Senator Nelson protested against the change. Only four or five Democrats voted with Senator Weeks against the amendment.

SUGGESTS REFUSAL TO SEND PARTY SPEAKERS TO CHAUTAUQU

CHICAGO, July 15.—A. W. Charles, chairman of the Democratic state committee called on Fred E. Sterling, chairman of the Republican state committee today and suggested that both organizations adopt a policy this year of refusing to send party speakers to chautauqua meetings in Illinois.

If we send our speakers to these chautauqua meetings when they request, our spellbinders will be worn out later in the season when we need them most," said Chairman Charles. "Another objection is the expense involved."

Chairman Sterling said the Republican state committee probably would follow the suggestion made by Chairman Charles.

SENTENCE FOUR MEXICANS TO DEATH FOR KILLING SOLDIER

LAREDO, Tex., July 15.—Jose Antonio Arre, Jesus Maria Cerda, and Paulino Sanchez and Vincente Laria, the four alleged bandits but self styled members of the Mexican constitutional army charged with murder in connection with the killing of Corporal William Oberlies of M Troop 14th U. S. Cavalry, today were found guilty by a jury and sentenced to death. The four Mexicans were captured in an engagement with American troops and armed civilians during the attack of the band on San Ygnacio, Texas, June 15th. Oberlies was killed during the attack.

Sanchez, who was seriously injured during the engagement occupied a cot in front of the jury during the trial.

ADMIT SALE OF SALLIE IS VIRTUALLY ARRANGED

St. Louis, Mo., July 15.—That the sale of Harry Sallie, veteran left-handed pitcher of the St. Louis Nationals, to the New York club, virtually has been arranged, was admitted tonight by Manager McGraw of New York and President Britton of St. Louis. The consideration it was said would be \$15,000.

HEMPSTEAD TO CLOSE DEAL NEW YORK, JULY 15.—President H. N. Hempstead of the New York Nationals will go to Cincinnati tomorrow, it was learned tonight to close the deal by which the Giants will obtain the services of Charles Herzog, the Reds' manager. Under the terms of the arrangements, it was said, Cincinnati will get the services of Christy Mathewson, who is expected to manage the team; McKeehan, third baseman and Roush, an outfielder.

DES MOINES, Iowa.—Iowa troops will not leave for the Mexican border until the entire brigade is fully equipped for field service according to orders received by Colonel Morgan, chief mustering officer at Camp Dodge from General Barry, chief of the central division.

DUNNE LEAVES LA SALLE WITH CEMENT STRIKE UNSETTLED

OTTAWA, Ill., July 15.—After separate conferences with operators and millworkers today, Governor Dunne left LaSalle by automobile for Chicago with the cement workers strike unsettled.

Both sides agreed to meet in joint conference in the afternoon but the operators failed to attend the meeting after the governor's departure. The millworkers, it was said would demand a conference either tomorrow or Monday with the operators.

The five companies of the Illinois National Guard still are camping at the high school recreation grounds, and no answer has been given by Governor Dunne to the demand of miners and others for a withdrawal of the soldiers. No troops have been sent of Oglesby.

It was announced tonight that no effort will be made Monday to start the factories and run a work train between LaSalle and Oglesby.

LAND CREW AND MARINES FROM COLLIER HECTOR AT CHARLESTON

Capt. Newell and Officers Decline to Talk Before Making Reports to Navy Department—Four of Crew Seriously Injured.

Charleston, S. C., July 15.—All of the 142 men who were on board the big naval collier Hector, wrecked last night on the South Carolina coast were brought to Charleston today by rescuing vessels. Many of them had minor bruises and four, including the chief engineer of the ship, were taken to a local hospital seriously injured. The real story of the wreck of the Hector has not yet been told. Her skipper, Captain Joseph Newell and his officers decline to talk before they made their reports to the navy department and all of the men who have been seen are reticent.

The collier, a vessel of 11,200 tons was bound from Charleston for Guantanamo, with a cargo of coal and supplies and had in addition to her crew sixty marine recruits for the naval expeditions in Haiti and Santo Domingo. She was battered by the hurricane off the coast until her reckoning was lost and when she finally went upon the beach fires were raging on board. Heroic work by the tug Wellington and the light-house tender Cypress resulted in the rescue of all of the ship's company.

DENY CASTRO ADMISSION.

New York, July 15.—General Cypriano Castro, former president of Venezuela, who was admitted to the United States in 1913 after being detained by the immigration authorities for six weeks on Ellis Island again was denied admission to this country today when he arrived on the Steamship Vauban from Port of Spain, Trinidad. He was permitted to remain aboard the Vauban to await the outcome of a hearing before special board of inquiry tomorrow.

JURY FREES ORPET OF MURDER CHARL

Returns Verdict of Ac-
quittal After Five Hours
Deliberation

TAKES THREE BALLOTS

Orpet Silent Thru Excess of
Emotion When Finding of
Jurors is Announced

GOING TO COUNTRY FOR REST

WAUKEGAN, Ill., July 15.—William Orpet, the university student charged with murdering Marion Lambert, a high school girl and his former sweetheart, was found not guilty by a jury in Judge Donnelly's court after five hours' deliberation.

Three Ballots Are Taken.
Three ballots were taken. The first two stood eleven to one for acquittal. Foreman O'Shea stated that by agreement of the jurors the name of the obdurate member would not be made public.

The jury retired at 2:50 o'clock, at 6 o'clock its members were taken to dinner at a boarding house where they spent half an hour. One hour later came the flash that a verdict had been reached. Probably fifty persons still were waiting for it. Orpet, who had taken his evening meal, was sent for in his cell. Judge Donnelly, a cripple, who had been seated in a chair on the court house lawn chatting with the lawyers, made his way painfully upstairs on a crutch.

The defendant as usual was seated between his mother and Mrs. Edwin Taylor, his landlady at Madison, when the jury filed in.

Only one sound broke the stillness with which for a few seconds the verdict was received. It came from a woman about 50 years old dressed in black who had attended every session of the court. She made an inarticulate sound—something between a sob and a shriek.

Orpet Silent Thru Emotion.
Orpet was silent thru excess of emotion. He was barely able to return the handclasp of his attorneys. He made his way to the jurors and shook their hand one by one, smiling wilyly but saying nothing.

Mrs. Orpet did not lose her self possession for a second. She received the verdict as if it were a mere matter of routine. She noted that a photographer was trying to snap a picture of her son and herself and she warned him, meanwhile shielding her own face with a newspaper.

James H. Wilkerson, chief of counsel for the defense, was unable to keep back the tears and they trickled down his face.

"Orpet was more than declared not guilty. He was proven innocent," said Mr. Wilkerson. "He is going home with his mother now. Then he is going into the country for a much needed rest after the nerve-racking experience brought on him by a remarkable, if not unprecedented series of circumstances. Then he will come back home and make a man of himself."

The defendant, his father and mother, his brother, Mrs. Taylor and intimate friends made their way into the witness room where their privacy was safeguarded by a bailiff.

Half an hour later they emerged. "We'll go home now, William," said Mrs. Orpet and they made their way down the back stairs and to the jail, where Orpet's few belongings already were packed.

Recovers Self Possession.
He had recovered his self possession by this time and thanked Sheriff Griffin for making his four months' stay in jail as comfortable as possible.

The party then was taken home in an automobile by Leslie P. Hana, Orpet's Waukegan attorney.

The route they took is along the shore of Lake Michigan, in which Orpet during his confinement so often expressed a wish to swim, past Helms woods where Marion came to her death and to the Orpet home on the McCormick estate.

For President,
CHARLES E. HUGHES.

Atrocities Need No Monuments.

In France they have organized an association for the purpose of erecting monuments at spots where alleged German atrocities have been committed so that the misdeeds may never be forgotten. That organization is not likely to prosper for it is founded upon error. Unfortunately "the evil that men do lives after them," and misdeeds are remembered without memorials. The idea is wrong too, because the horrors of the war are great enough without perpetuating them. The best that can come to the French people is the time when the war is past and has, as nearly as may be, been forgotten.

Just as the "rain falls upon the just and the unjust" so modern inventions aid both the law abiding and the lawless. Highwaymen recently relieved stage passengers in the Yosemite valley of about \$400 in cash. The bandits traveled on motorcycles and so easily escaped the pursuers. As we remember the rosy prophecies of Capt. Koenig of the Deutschland, we suppose that it will only be a question of time until ocean pirates are using submarines and air craft to aid them in their dark doings.

World Wide Temperance Plan.

At the national meeting of the anti-saloon league in Indianapolis a plan was proposed with the hope of bringing all the world into a state of sobriety. The plan included the idea of world conferences on the subject to meet in the same city where peace treaties are concluded at the end of the present war.

The time was when those who suggested such a plan would have been laughed to scorn and termed dreamers without any idea of the practical. But such gigantic steps toward temperance have been achieved as a direct result of the war that the idea has been widely received with some consideration. The plan has a utopian sound and savors of millennial days, but in view of the changing sentiment on the temperance question, who can say what the future holds?

Still Baffles Science.

When the grandson of John D. Rockefeller died a few years ago from infantile paralysis the great millionaire was moved to establish the Rockefeller institute for research work with the special end in view of discovering methods for the prevention and cure of this malady. It was believed for a time that the discoveries were of such moment that Mr. Rockefeller's hopes had been attained. But the recent epidemic

Rippling Rhymes

GOING BACK HOME

There's nothing sadder than returning, responsive to a heartfelt yearning, to scenes we used to know; but lately to such scenes I wandered,

and with an aching heart I pondered o'er things of long ago. I used to know a girl named Daisey, who was so smooth she drove me crazy; of her for years I'd dreamed; and always in my mental vision, angelic, beautiful, elysian, and bright with youth she seemed. And in my recent tour I found her with seven husky sons around her, and she was bent and gray, and worn from cooking hams and fishes, and washing everlasting dishes, and helping men pitch hay. And all the lads who with me gambled, and thru the melon patches rambled, on bygone starry nights, were stale, from all their toil and straining, and hobbled up and down complaining of aches and chigger bites. The town itself was there, unchanged, the river down its course was ranging by hoary elm and pine the old stone church still reared its steeple, and in its shade were planted people who once were chums of mine.

of the disease in New York indicates that the work of the physicians and scientists along this line has only fairly begun.

Busy Times Bring Labor Troubles

Records show there were more strikes and lockouts in the United States in the six months ending June 1st, than in the entire year of 1915. For the six months period there were 1432 of these labor disputes and in the year preceding the number was 1403. The comparative showing is in accord with the records of other years. There are many more controversies when busy times prevail than when thousands are out of work. One reason for the difference is obvious, and that is that when vast hordes of men are seeking employment the question of wages is given secondary consideration. Another reason not so apparent is that when business is prosperous and employers are making good profit the workers feel that they are justly entitled to share in this prosperity and so the demand for increases comes. And who can say that this is not a natural feeling?

Freed But Not Guiltless.

The jury which heard the testimony in the trial of William Orpet, in the murder of Marion Lambert, brought in a verdict Saturday night declaring him not guilty. For week after week the trial has been in progress and every effort known to able lawyers has been used to secure the freedom of the young man. Those who have followed the story and the testimony in the case, while not at all certain that the prosecution was able to legally prove the guilt of the defendant, nevertheless know very well that William Orpet caused the death of the girl.

The statement made by the defendant himself, the story of his friendship with the young high school girl which ended in her downfall, furnishes the absolute proof that he caused her death. Her blood may not be upon his hands but it is upon his soul, and while the young man has been freed in a regularly constituted court of the charge of murder if he has any spark of manhood about him he must go thru life with a consciousness of guilt and with the full knowledge that some day, he must give answer before the judgment bar above.

The case in many points is one of the most pathetic in court annals, for no one who has read the details but believes that when Marion Lambert wrote that she wanted to be "as good as gold" that the sentiment expressed the innermost heart of the girl, whose ideals had been destroyed by the shameless perfidy of William Orpet. Perhaps William Orpet does not deserve the gallows, possibly he should not be imprisoned, and it may be that memory and remorse will give sufficient punishment. But certainly let us hope that the public will waste no sentiment in his behalf and that there will not be the disgusting picture of flowers and missives from sentimental people as so often—strange as it may seem—follows court trials in cases of this character.

More Credit for Farmers

Without a great deal of mention in the papers during recent months the long awaited rural credits bill has passed both houses of congress. With the presidential signature this far-reaching law will go upon the statute books and be known as the "federal farm loan act." The far-reaching possible effect of the measure is evidenced by the statement that forty billion dollars' worth of really in the U. S. is thus made liquid as a basis of credit. Farm prosperity will thus become security for long term loans at lower rates of interest than have heretofore been known. In 1912 the three party platforms each had planks promising this bit of legislation. One feature of the law which it is expected will be a marked aid in the "back to the farm" movement is the amortization, which means the privilege to the borrower of paying back small periodical installments of the principal of the loan. The details of the enactment cannot be explained completely in brief mention, but it can be confidently stated that the passage of the law marks a new era in farm loans, and for that reason in farming. The law is patterned in quite large measure after the rural credits system of Europe which has long been recognized as affording many desirable privileges to the farm workers of Europe which were lacking in this country.

The expected effect of the law is to create a still larger class of independent land owners in this country, to provide for the small farmers without means a method of securing capital more easily and at lower interest rates than has been possible in the past. Anything which thus gives permanent and actual aid to farmers and land owners will eventually benefit the whole country, for it is now an undisputed axiom that the prosperity of the country is based upon the land.

WELL KNOWN WOODSON PRECINCT RESIDENT DEAD

Robert Smith Passed Away at Home of Daughter, Mrs. McCormick— Came Here From England.

Robert Smith for many years a resident of the Woodson neighborhood died at the home of his daughter, Mrs. James L. McCormick 11 miles southeast of Jacksonville Saturday afternoon at 4:30 o'clock. Deceased was born in England July 17, 1834 and at the time of death was 81 years, 11 months and 29 days old.

Deceased came to this country from England in 1856. He first stopped at Chicago, but only remained there a short time when he came to this country settling in the vicinity of Woodson which was his home until the time of his death. During all his life Mr. Smith followed the occupation of farming and was accounted one of the successful farmers of the county.

Mr. Smith was first married in England to Miss Mary King who came to this country with him. She died in 1896. In 1897 he was married to Elizabeth Clark, who died in 1898. Six children also preceded him in death.

The following children survive: Mrs. Thomas Leverick, Broadlands, Ill., Mrs. Annie Gray, Murrayville, Ill., Mrs. M. J. Newman on rural route No. 5, Thomas B. Smith, Robert T. Smith Woodson and Mrs. James McCormick residing near Woodson.

Early in life Mr. Smith united with the Church of England. After coming to this country he never affiliated with any church. Mr. Smith was highly respected in the community in which he lived and his going will bring regret to many friends.

Funeral services will be held from the residence of James Y. McCormick Monday morning at 10 o'clock. Interment will be in Davis cemetery.

Iron pumps, wood pumps, spray pumps, Myers pumps are the best, prices right, too. Call or phone Brady Bros.

SOCIAL EVENTS

Mound Woman's Club

Elects Officers.

The Mound Woman's Club met with Mrs. Howard Stevenson Friday afternoon. It was the meeting for the annual election of officers. Mrs. Isah Strawn has served the club most acceptably as president for nearly two years. A feature of the afternoon was a reading by Miss Anne Stevenson of a selection from one of Gene Stratton Porter's latest books. At the conclusion of the regular business session a social hour was enjoyed during which refreshments were served. The officers are:

President—Mrs. John W. Clary.
First Vice-president—Mrs. L. G. Vasey.

Second Vice-president—Mrs. Howard Stevenson.

Secretary—Mrs. A. H. Dolear.

Treasurer—Miss May Spaulding.

The program committee also was selected to prepare the program for the ensuing year. It is composed of Mrs. I. G. Vasey, chairman and Mrs. Gottfried Tendick, Mrs. J. T. Gunn, Mrs. T. O. Graves, Mrs. H. H. Richardson, Miss Carrie Gibbs, Mrs. Harry Ketter and Mrs. J. H. Caldwell.

Miss Carter Gives Dinner and Theater Party.

Miss Lillian Carter entertained at a delightful dinner and theater party last evening in honor of her guest, Miss Ruth York of Denver, Colo. A number of young ladies were her guests at 6 o'clock dinner. A sumptuous dinner was served after which the young ladies went to a theater. The entire evening was a most enjoyable one for all present.

Miss Nell Clamplit Gives Slumber Party.

Miss Nell Clamplit entertained a number of young ladies at her home on East State street last evening at a slumber party. Those present were: Misses Margaret Strandberg, Helen Strandberg, Lillian Carter, Esther McCarty, Lula Bell Hildreth, Hazel Brown, Ruth York and Nell Clamplit. The guests found the occasion one of great pleasure.

Miss Eloise Calhoun gave a delightful musical at her home yesterday afternoon, in Franklin. The affair was in honor of Miss Elizabeth Miller of Decatur. A delightful musical program was given and refreshments were served.

Those present were: Misses Dorothy Kennedy of Waverly; Eunice Olinger, Ruth Corbin, Ethel Whitlock, Susan Wright, Winifred Keplinger, Beatrice Anderson, Cathleen Calhoun and Helen Massey, all of Franklin, and Miss Susan Wright of Arizona.

In the evening Miss Helen Massey gave a six o'clock dinner party in honor of Miss Miller and the following young ladies were present: Miss Eloise Calhoun, Dorothy Kennedy, Eunice Olinger and Winifred Keplinger.

Miss Eunice Olinger Gives Porch Party.

Miss Eunice Olinger of Franklin entertained thirty guests on the spacious porch of her home. The porch was beautifully decorated with Japanese lanterns and music and games furnished amusement for the guests. The party was in honor of Misses Elizabeth and Dorothy Kennedy of Waverly and Miss Elizabeth Miller of Decatur. Cooling refreshments were served.

and give the Vesta this doubled life. No
other battery has this feature.

Stop at any Vesta Service Station and ask
to be shown just how and why this Vesta
Indestructible Isolator makes Vesta batteries
last twice as long.

Stop there too for free battery service. Vesta service

The Modern Trust Company

"It is encouraging to find a steady growth in
the tendency among men to safeguard their es-
tates against haphazard investment methods, not
only by resorting to careful instruction in the fram-
ing of their wills, but also by providing for the
administration of their estates by the so-called "mod-
ern trust company" method.

Experience has taught the uncertain tenure of life
of the individual executor may frequently result
in the serious complication of estate management,
even in cases where competence has been of the high-
est order. Such situations the trust company's
practically perpetual existence serves to avoid. Add
to that the fact that such institutions are organ-
ized with special facilities for giving just this kind
of service, that they are subject to the constant su-
pervision of state banking authorities, and that they
are generally as willing to take charge of the rela-
tively small estate as they are the large, and you
have the explanation of how it has come about that
along with their divers other activities they have,
as a whole, undertaken the custody of estates valued
at between seven and eight billion dollars."

WENTIETH CENTURY LIMITED HITS AUTOMOBILE; KILLS FOUR

BUTLER, Ind., July 15.—Otto D. Carey, aged 40, his wife and two sons, Laughton, aged 6 and Paul, 18 months, were instantly killed at 10:30 o'clock tonight when an automobile in which they were returning from Butler to Hicksville, Ohio, was struck by the Twentieth Century Limited train of the Lake Short railroad half mile east of here.

The train struck the machine as it reached the center of the tracks and threw it and the occupants for several hundred feet along the right of way. Carey is a farmer, residing six miles north of Hicksville, Ohio.

HIT WITH THE "BEAN BALL"

Leading the Southern League in team batting doesn't seem to get the Little Rock team anywhere. The so-called Travelers are locked in the cellar.

Major league base stealers will have an excellent chance to overtake Ty Cobb—if Ty makes good his threat to retire from the game.

The full name of Third Baseman Betzel of the St. Louis Cards, is Christian Frederick Albert John Henry David Betzel. Many a man is interned in Canada for less than that.

First-half winners in leagues where the season is divided include: Dayton in the Central League, Augusta in the South Atlantic league and Asheville in the North Carolina league.

With so many of our very best tossers drawing suspensions for tough stuff during the cool days it is to be hoped that the hot weather will lay off for the remainder of the season.

When it is remembered that every first-class "boner" ever pulled in the big show took place at the Polo Grounds, it's easy to answer the question, "What's the matter with the Giants?"

Ray Caldwell's work has shown a big improvement of late. With Ray going right and Culp burning up the league, the Yankees are going to fight like the dickens to stick around up there.

It is said that the Cleveland Indians are willing to have some other team lead the league for a while so they can prepare for the great drive later on. But the Indians had better watch their fingers closely and catch the correct time to start.

Evidently Henri Rondeau is another one of those pastimers who look like a million dollars outside the big yard. After several trials in the major leagues the Frenchman is once again with the Minneapolis Millers.

Willie O'Connor, mascot, is making the Western trip with the Braves for the first time since the 1914 season. If Willie succeeds in chasing the wimp as well as he did in 1914 the Braves are the next world's champs.

Manager Charley Herzog of the Reds missed a fine chance to create some amusement akin to a regular "laff." He should have protested that the "bean ball" was injuring his players.

The St. Louis Cards have been unning true to form in every department of the game—seventh in league standing, seventh in team batting and seventh in team fielding.

John McGraw, the Giant's boss, employs an effective though heartless method to make his pastimers behave. He threatens to trade 'em to St. Louis.

The hitting and fielding of the Detroit Tigers this season have given good value, but a large share of their pitching has come dangerously near to cheating.

Peeved at the showing of the Pirates, a Pittsburgh scribe says Honus Wagner can't take care of the entire field and bat in all of the runs for the team. As the Old Wonder has been accomplishing this very trick for years past, he must surely be going back.

KILL VILLA BANDIT.

Chihuahua City, July 15.—J. Beltran, one of Villa's chief lieutenants and a participant in the massacre of eighteen Americans at Santa Ysabel, Chihuahua, last January was killed the engagement at Cerro Blanco, July 12th, reports to General Jacinto Trevino today indicated. These reports were supported by stories told upon their arrival here by Villista prisoners.

PLAN MILLION DOLLAR

St. Paul, Minn., July 15.—With confidence that they will out rank the Socialist and swing into line November as the third political party of the country, representatives of the "Progressive element" in the Prohibition organization who arrived in St. Paul today for next week's national convention announced their plans for a \$1,000,000 campaign which they expect to net their ticket no less than 1,000,000 votes.

P. W. CAMPBELL MAY ORGANIZE COMPANY AT ROCHESTER

Former Jacksonville Resident Ready to go to Front—Served in Spanish-American War.

Mrs. P. W. Campbell of Rochester, with her three daughters is here for a visit at the home of her sister, Mrs. J. J. Murphy on Sharp street. Mrs. Campbell is the wife of P. W. Campbell, who until about twelve years ago was a resident of Jacksonville. Since removing from this city Mr. Campbell has been in charge of the Rochester station of the U. S. Bureau of animal industry. A recent issue of the Rochester Times told of Mr. Campbell's effort to raise a company for service if war comes between the United States and Mexico. Mr. Campbell has twenty-five men ready to enlist. He was a member of company I of this city for six years and served thru the Spanish-American war. The Times says that because of this service, Mr. Campbell will come to the task of organizing a company with a good backing of military experience. "He is also better fitted for braving the trials of the Mexican climate than many of those who will go from the northern states. In addition to his experience in the Philippines he has spent six months in South Africa."

Walker charged that the mill owners had "framed up" the disturbance which resulted in the calling out of the militia.

VACATION TYPHOID AND HOW TO AVOID IT.

Vacation typhoid is so called by physicians because they have recognized the fact that a great many people contract typhoid fever while on vacations.

In deciding a location for a vacation it is vitally important to find out something about these four things: the water supply, the sewage disposal, whether the bathing beach is polluted by sewage, and the prevalence of flies. In order to contract typhoid fever, it is necessary to swallow the germ. Every one ill of typhoid fever may reflect, no matter how unpleasant the reflection may be, that two or three weeks before he became ill, he ate or drank some diluted sewage. It would be well if those who seek rest and recreation in the country would pay attention to the sanitary surroundings. The rules for protection against vacation typhoid, as laid down by New York State Department of Health are as follows:

1. Patronize only resorts that have a safe water supply, and approved modern sanitary arrangements.
2. Address a letter to "The Health Officer" of the village of town to which you contemplate going and ask him if the water and milk supply are safe and if the sewage is disposed of in a proper manner.
3. Use only water that has been boiled or otherwise purified for drinking or culinary purposes.
4. Drink only pasteurized milk.
5. Protect all food from flies and other insects by screening doors and windows.
6. See that all outhouses are fully protected from flies by screens.
7. Thoroughly wash in pure water all fruits and vegetables eaten raw.
8. Wash the hands, using nail brush freely, before eating.
9. Before leaving for vacation, submit to typhoid inoculation. It usually protects about four years.—F. M. Meader, M. D., in the August Mother's Magazine.

CHAUTAUQUA PLANS ARE NOW WELL ADVANCED

Program From Aug. 18 to 27th Is Crowded With Strong Attractions—Variety Big Enough to Please Everybody.

While the program is not complete in all details, the management of the Jacksonville Chautauqua announce the following attractions, every one of which is the best obtainable in its class. Every number is a big Chautauqua success and the program is varied enough to please everyone and maintain the high standard set by our Chautauqua. Other attractions are under consideration. An effort is being made to close the program every evening with the best "movies" to be had.

Friday, August 18th.
Jeffries Concert Band.
Dr. Charles S. Medbury in a great popular lecture.

Saturday, August 19th.
J. M. Totten, Magic and Spectacular Illusions.

Sunday, August 20th.
Dr. Carolyn Geisel, "The School Ma'am at Large", the biggest woman in the world, in morning and evening address.

Arthur Walwyn Evans, Walsh Wit and Humorist, a new Chautauqua star of the first magnitude.

The Short Kids in a complimentary concert.

Sunday, August 20th.
Dr. Carolyn Geisel, "The School Ma'am at Large", the biggest woman in the world, in morning and evening address.

Arthur Walwyn Evans, Walsh Wit and Humorist, a new Chautauqua star of the first magnitude.

The Short Kids in a complimentary concert.

Monday, August 21st.
Jeffries Concert Band.

Dr. Brougher, California's greatest lecturer in one of his famous afternoon addresses.

T. A. Daly, Poet-Humorist, in Irish and Italian dialect verse. Formerly editor of a great religious weekly and now on the staff of Philadelphia's leading journal and in great demand as a lecturer. It is a bit of good luck that he has been booked for one of his inimitable evenings of pleasure.

Baby Welfare Day.
Baby Cab Parade.

Tuesday, August 22nd.
The White Hussars.

A singing band in striking uniforms. The most talked of musical attraction on the Chautauqua circuit.

Plenty of real band music, unusual ensemble singing, solos that get somewhere and plenty of clean, clever fun.

Bishop Fallows in a patriotic address.

Louis Williams, Electrical Entertainer in All about Electricity.

Baby Welfare Day.
G. A. R. Day.
Old Settler's Day.

Wednesday, August 23rd.
White Hussars Band.

James A. Burns, "Burns of the Mountains" the greatest Chautauqua "find" of a decade. A native of Lincoln's Kentucky, a rugged man of Lincoln's type with a soul afire with the message of life as seen in the feud districts of "Old Kaintuck."

Auto parade.
Thursday, August 24th.
Hrubby Bohemian orchestra.

Six brothers and two sisters, who under a great leader have won renown and success in Europe and America. Real music in great variety—an unusual treat for music lovers.

Maude Ballington Booth.
Friday, August 25th.
Hrubby Bohemian Orchestra.

The Sadlers and Miss Willmer.
Saturday, August 26th.
The Metropolitan Male Quartet.

The strongest and best male quartet on the Chautauqua circuit. Big men with big voices who sing both individually and as a quartet.

Sam Jordan, who has been showing the farmers of Missouri. The inimitable Sam has something to say and says it quick and in our language. Everyone—farmer or city resident—will enjoy Sam.

J. P. Gilbert in a Nature Study address "Birds and Bugs."

Sunday, August 27th.
The Metropolitan Male Quartet.

Rev. W. E. Spooner in the morning.

Senator W. S. Kenyon.
De Willo, Concertina Virtuoso.

The Jacksonville Chautauqua, August 18th to 27th inclusive. Ten days of clean, wholesome uplifting entertainment. The best chautauqua in the west, all for ONE DOLLAR.

CHAUTAUQUA TICKETS
The season tickets for the Chautauqua are now ready for distribution and may be obtained from the Secretary, at the Farmers State Bank & Trust Co. Subscribers are earnestly requested to call promptly and take up their tickets and in this way assist the management and boost the Chautauqua. (By this means considerable expense may be saved and the directors, who do much work without any compensation will be greatly assisted. It is a big job to collect for 4,000 tickets and your assistance will be greatly appreciated.)

In order that we may be able to provide the camps with the kind of tents they desire, we request that persons who expect to rent tents will be kind enough to indicate to us the size and kind of tent desired.

A. C. Rice, Sec'y.

Ellis McFarland, assistant secretary of the Percheron society, arrived in this city Saturday night from Chicago. He will spend his vacation here and in Quincy. He and his wife are visiting the latter's mother, Mrs. Julia Massey on Sanducky street.

MONUMENT PLANS DISCUSSED AT MEETING SATURDAY

Project to Honor Memory of Old Soldiers Looked Upon With Favor—Seek to Secure Fund by Tax Levy

The meeting at the court house called Saturday afternoon to increase interest in the erection of a monument to the soldiers and sailors of Morgan county was well attended considering the very hot weather and a fine spirit of loyalty prevailed throughout the entire meeting and a strong desire to honor the memory of the illustrious dead was manifested and especially as one speaker stated it, before the living veterans pass away let them see it. President Rammelkamp thought it would be fine if it could be dedicated two years hence during centennial celebration of the admission of the state.

Every speaker agreed that it should have been undertaken long ago as nearly every county in the state has such a monument and several have more than one. All agreed too that it was suitable that the monument should be paid for by taxation as every resident of the county benefits by the deeds of the veterans.

Major McDougall, chairman, took pains to set the whole matter clearly before the people. While 200 names on petitions would be enough to authorize the commissioners to place the question on the ballots it would be better to have 2,000 and make the uprising so general that the county commissioners would feel fully justified in doing the work.

Women may vote at this election or on this subject and it goes without saying that the ladies will all take pleasure in aiding the enterprise all they can.

Major McDougall had a package of 200 petition blanks and he desired all from a distance to take one each and eventually have some signed in every neighborhood in the county.

The south is much ahead of the north in this business and it behooves all to get to work and create as much public sentiment as possible. The unfortunate phase of the law is that it makes no provision for any increase in taxation so the work, if done by the county, will have to be from current receipts which may cause some delay.

A number of persons who had expected to be present and take part in the program were unable to attend and sent letters or telegrams of regret which were read.

A good many present took blank petitions for signatures and the enterprise is now fully launched and a successful termination is earnestly hoped for.

BIDS ARE ASKED.

Sealed bids will be received at the office of J. K. C. Pierson, Architect, 606 Ayers Bank Bldg., Jacksonville, Illinois, until 12 o'clock noon, Monday, July 31, 1916, for the erection of a two story Gymnasium Building for the Illinois Woman's College, Jacksonville, Illinois.

Separate bids will be received for the general construction, heating, plumbing and electric wiring.

The right is reserved to reject any or all bids.

Plans and specifications may be obtained from the Architect on and after Monday July 17th, 1916 on deposit of \$15.00 to the Architect as surety for their return in good order.

LOCAL HORSES ENTERED IN QUINCY RACES

A number of Jacksonville horses are entered in the races to be held at Quincy beginning Tuesday. W. A. McDaniels has been training the horses here and some of them certainly bid fair to win in at least a part of the events. The following are the horses entered and their owners: George Allerton, owned by George Wheeler; Roxey, owned by Dave Strawn; Paul S., owned by William Woods; Bezona, owned by L. W. Hoyt of Barry; General Singleton, owned by George Wheeler; Florence, owned by William Hargrove; Gypsy Joe, owned by A. J. Milton of St. Louis. These horses were shipped to Quincy yesterday via the Washash. A number of them have good records and Mr. McDaniels said yesterday that he expected to be able to win a number of events.

CONFIDENCE MAN HELD TO GRAND JURY

Charles Mayhew, who was arrested for working a confidence game on a number of Jacksonville citizens was taken before Justice Dyer Saturday. Mayhew waived examination and his bond was fixed at \$1,000 to await the action of the November grand jury. He was unable to give bond and was sent to jail. Mayhew confessed to Chief Davis that he served time in the workhouse in Chicago last spring.

MCARTY LAND SOLD.

Yesterday afternoon at the south door of the court house an important land sale was conducted by Capt. John E. Wright, auctioneer, and J. C. Priest, attorney. The property in question was nearly 600 acres of land of the estate of Margaret McCarty, widow of William McCarty, and lying in the vicinity of Alexander and some of it choice land. Bidding was not very spirited and not very many attended the sale as it seemed to be the plan to keep the land in the family.

HOSPITAL NOTES.

Mrs. Alta May Johnson of Ashland is improving at Our Savior's hospital.

Mrs. Grant Dunham of Griggsville was brought to Our Savior's hospital recently for an operation.

Mrs. Winifred Gill had a number of teeth extracted at Our Savior's hospital under gas anaesthetic.

ARCHER'S HOMER IN NINTH WINS FOR CUBS

SMITH PITCHES GOOD BALL UP TO THAT TIME.

Clemons, Coaching for Chicago, Is Ejected After a Heated Quarrel With Brooklyn Players on the Bench.

Chicago, July 15.—Jimmy Archer's homer in the ninth inning scored the runs that won for Chicago over Brooklyn today 5 to 4. Smith pitched good ball up to that time except in the fourth, when the Cubs bunched long drives. Wheat's triple with the bases full following two errors and a walk in the third gave Brooklyn three runs. Clemons, coaching for Chicago, was ejected after a heated quarrel with Brooklyn players on the bench.

MURRAYVILLE RAMBLERS

PLAY TODAY.

Jacksonville will have as opponents this afternoon the Murrayville Ramblers. The Ramblers are ancient enemies of Jacksonville and have always been the hardest team the locals have had to meet. Today probably will be no exception as the Ramblers come with a strong lineup. The teams will be as follows:

Murrayville: Robins, ss; Doyle, c; Lonergan, 1b; Ruble, 2b; J. W. Wright, p; C. Wright, cf; Young, 3b; Rousey or Wild, rf; Breeding, lf; Keldy, utility.

Jacksonville: Denny, 2b; Fernandes, ss; DeFrates, 3b; Clark, c; Wheeler, 1b; McCollister, cf; Christopher, lf; Woodman, Cannon, rf; White, p; Chrisman, utility.

W. S. Tippit of East St. Louis, representing the Farmers Serum company is in the city for a few days visit with Dr. C. E. Scott.

DODGE CAPTURES AMERICAN DERBY

MACKENZIE'S FAUX COL IS ONLY ONE ERROR RECORDED IN TWO CONTESTS.

Franklin, Dodge's Stable Mate Places Third—Cuthill of Foxhall P. Keene's Stable is the Only Other Starter.

CHICAGO, July 15.—Dodge, owned by Weber and Ward and ridden by F. Murphy, won the American Derby, the \$10,000 race with which thoroughbred horse racing was today reintroduced to Chicagoans. It. J. Mackenzie's Faux Col was second and Franklin, Dodge's stable mate, third. The time for the mile and a quarter was 2:04 3-5. Churchill, of Foxhall P. Keene's stable was the only other starter.

A crowd that overflowed the grandstand at the Hawthorne track and filled the disused betting shed watched the horses. It was the first time since 1904 that local followers of the sport had an opportunity to see a regulation card of six races and they cheered the initial bugle call, the winning jockeys and the course officials impartially.

A fast track and a hot sun shined day made racing conditions fairly good. A secondary feature of the card was the Hotel Sherman handicap at a mile and a sixteenth. R. J. Mackenzie won this handily with Leo Skolny second.

Altho gambling was prohibited and a big force of deputy sheriffs and private policemen were on hand to enforce the order a number of bookmakers did a fairly thriving business in and about the stand.

Eight men were arrested on charges of operating a handbook. They were loaded into automobiles and taken to Oak Park where they were arraigned on charges of gambling. All furnished bonds and were released.

DARIO RESTA WINS 150-MILE AUTOMOBILE RACE AT OMAHA

DePalma Captures Fifty Mile For All—Franchi's Car Jumps Track and Mechanician Receives Injuries From Which He Died.

OMAHA, Neb., July 15.—Dario Resta driving at the rate of 98.35 miles an hour today won the 150 mile automobile race on the local speedway. His time was one hour, 21 minutes, 27.9 seconds. Tom Milton was second and Ralph Mullo third.

In the fifty mile free-for-all race Ralph DePalma won after leading the field from the start. His time was 29 minutes, 31.21 seconds. Eddie Rickenbacker finished second and Pete Henderson third. DePalma made the first thirty miles of his race in 17 minutes, 22.91 seconds.

A fatal accident marked the event. In the sixth lap of the race Alvo Franchi's car jumped from the raised track at a dangerous curve, turned over in the air and struck the ground fifteen feet below. Franchi was not hurt but Dan Columbus, his mechanic, sustained a broken hip and other injuries from which he died a few hours later. In the seventh lap, Jack Gabel's car blew a tire and turned over but its occupants were uninjured. L. R. Hines, mechanic for one of the cars was overcome by heat during the main race and taken to a hospital but his condition is not thought serious.

CHICAGO WINS DOUBLE BILL FROM ATHLETICS

Scott Hat Better of a Battle With Sheehan in First Contest—Benz Has Duel With Bush in Second Game.

Philadelphia, July 15.—Chicago won both games from Philadelphia today 4 to 1 and 1 to 0. Only one error was recorded in the two contests. Witt making a fumble in the first. In the first game Scott had the better of a battle with Sheehan, two of whose bases on balls resulted in runs. Benz had a duel with Bush in the second game, the lone tally being produced on a base on balls to McMillan, Benz's sacrifice and Weaver's triple. The scores:

Philadelphia, July 15.—Effective pitching of Alexander enabled Philadelphia to take the first game of a double header from Pittsburgh here today by a score of 4 to 0. Pittsburgh won the second game 7 to 5. In the last game Mameaux and Chalmers started and both were forced to give way to rescue pitchers. In the seventh inning with the bases filled Schultz batted for Mameaux and doubled over Whitted's head, scoring three men and later scored himself on the squeeze play when Carey bunted in front of the plate. This won the game for the home team.

Mrs. Sheldon Spent \$1900 for Treatment Without Benefit. Finally Made Well by Lydia E. Pinkham's Vegetable Compound.

Englewood, Ill. — "While going through the Change of Life I suffered with headaches, nervousness, flashes of heat, and I suffered so much I did not know what I was doing at times. I spent \$1900 on doctors and not one did me any good. One day a lady called at my house and said she had been as sick as I was at one time, and Lydia E. Pinkham's Vegetable Compound made her well, so I took it and now I am just as well as I ever was. I cannot understand why women don't see how much pain and suffering they would escape by taking your medicine. I cannot praise it enough for it saved my life and kept me from the Insane Hospital." — Mrs. E. S. SHELTON, 5657 S. Halsted St., Englewood, Ill.

Physicians undoubtedly did their best, battled with this case steadily and could do no more, but often the most scientific treatment is surpassed by the medicinal properties of the good old fashioned roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.

If any complication exists it pays to write the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special free advice.

PROHIBITIONISTS GATHERING FOR NATIONAL CONVENTION

Important Conferences To Be Held Before Formal Sessions—Prominent Men Mentioned As Candidates.

St. Paul, Minn., July 15.—Prohibitionists are beginning to arrive for the national convention to be held Wednesday and Thursday of next week and for a series of important preliminary conferences to be held during the two days preceding. The Auditorium, where the general sessions of the convention will be held, is profusely decorated in red, white and blue. Overflow meetings will be held in the Armory and the Masonic Temple.

The large number of early arrivals is only one of the many outward and visible indications of the prevailing sentiment that the coming convention is destined to be the most important in the history of the Prohibition party. Many of the party leaders even venture to predict that the convention will mark a new epoch in national politics. This year, for the first time, the party means to lay serious claims to the presidency.

Talks with the leaders already on the field substantiate the early reports to the effect that the Prohibitionists hope to step into the shoes of the state Progressive party, to become the foremost progressive party in the country. The plans along this line will come to a head at a conference to be held the day previous to the meeting of the convention, when a movement will be launched to obtain notable recruits from the ranks of the other parties.

Several men formerly prominent in the Republican, Democratic or Progressive parties already have been taken into the fold. Among them are former Governor Sulzer of New York, former Governor Foss of Massachusetts and former Governor Hanly of Indiana. Each one of these, incidentally, is mentioned for the Prohibition presidential nomination.

Mr. Sulzer is said to have a large following among Jews, railway trainmen and laborers. Mr. Foss is credited by the Prohibition workers with a considerable following and Mr. Hanly is believed to be influential with the Methodists and attendants at Chautauquas. Daniel Poling, a leader of the Christian Endeavor movement, and Dr. Ira Landreth, a well known Y. M. C. A. worker, are others whose names are mentioned in connection with the head of the Prohibition national ticket. The selection of a vice presidential nominee will depend largely upon what section of the country the presidential choice comes from.

In its general aspect the platform will be similar to those of other years, but if the wishes of the progressive element of the party are carried out the declarations will be much broader in scope than ever before.

The main plank, of course, will call for the unqualified prohibition of the manufacture and sale of intoxicants. A straight-out suffrage plank will be included, endorsing the Susan B. Anthony amendment. The labor declarations will be more explanatory than heretofore. The danger of hyphenated Americanism will be recognized. On the subject of foreign relations the platform is expected to declare "strict neutrality and a dignified presentation of principles based on America first."

The detailed program prepared for the week is as follows:

Monday—Young people's society conference, followed by intercollegiate oratorical contest in the evening, with contestants from eight States.

Tuesday—Conference on the "Five Million Club" movement to obtain recruits from the old parties; mass meeting in afternoon.

Wednesday—Opening of the convention at 2 p. m., with address by Daniel A. Poling, temporary chairman; reception for suffragists, 4:30 p. m.; concert by convention chorus and orchestra, and addresses by party leaders, 9 p. m.

Thursday—Permanent organization of convention, adoption of platform, followed by prohibition parade at 4 p. m.; concert at 7:30 p. m.; and mass meeting in the evening, known as "governors' night," with addresses by several former governors.

Friday—Nomination of ticket, followed by an evening concert and opening meeting of campaign, with addresses by the nominees for president and vice president and other national leaders of the party.

THREE HUNDRED ACRES SWEET CLOVER ON MASTERS FARMS

Great Fields Now in Blossom—Will Be Harvested at Night Time—Good Results in Stock Feeding—The Alfalfa Crop.

The total acreage of alfalfa in Morgan county is somewhat reduced this year by comparison with 1915 owing to the fact that so many acres were killed by the frost. This shortage, however, does not apply on the farms of A. M. Masters. He had last year on his farms something more than 80 acres in alfalfa and only six acres were damaged this year, and that not by the frost but by hogs. Mr. Masters has just completed cutting the second crop for this year and the weather could not be finer for the purpose. The first crop was cut in May and all of it except eight or ten acres was put safely away before any rain occurred. The hay on the six acres was caught in a shower and discolored somewhat, but its feeding value is not impaired.

Second Alfalfa Crop Stored.

The work of cutting and storing the large tonnage from the 80 acres was completed the past week in about two and a half days' time, as Mr. Masters has such a large force and adequate equipment for this work. It is his expectation to feed all of this alfalfa the coming winter, just as he did the past winter. He fed last year's crop of alfalfa to cattle, sheep and hogs with uniformly good results. Late last fall he purchased from J. E. Osborne some thin steers weighing about 250 pounds. They were fed during the winter on alfalfa, sweet clover and some ensilage. This made up the entire ration until the latter part of May, when they were given on an average of one-third bushel of corn per head. The cattle were shipped a month later and averaged in St. Louis 1040. They brought \$8.40 on the market and were purchased at \$7.05. Then there were some returns from hogs which must be counted in for the general total.

Cattle Shrinkage Figures.

But the most interesting thing about the St. Louis shipment was the fact that the steers showed a shrink of but 26 pounds per head. Mr. Masters weighed them on the farm, then they were driven 3 1-2 miles to the station and altho the day was unfavorable as rain was falling constantly, the shrinkage was just as recorded. On the same market Mr. Masters talked with a shipper from Missouri who brought in a car of grass fed cattle and they had shown a shrink of 90 pounds per animal. The Masters steers had had a greater portion of sweet clover hay than anything else and the record made leads Mr. Masters to the belief that the sweet clover results in meat of a solid type not affected as much by shipping and weather conditions as the fat resulting from some other kinds of feed.

Cattle Soon Like Sweet Clover.

Cattle, sheep and hogs were all turned on the sweet clover last fall and were fed sweet clover hay during the winter. Mr. Masters said that it takes about four days for cattle to become used to sweet clover. The first day they will not eat at all. The second day they nibble around and show signs of uneasiness and call for feed. The third day they eat more with less uneasiness, and by the fourth day they act as if they had always been accustomed to the sweet clover ration and begin to show steady gains from that day forth.

300 Acres in Clover.

The Masters lands now show wonderful fields of sweet clover. More than 300 acres are planted in this clover, so it is easy to understand how redolent with perfume the air is for miles around. The largest single field is 120 acres two miles east of Woodson. This field, with the others that Mr. Masters has, was planted in 1915. The crop was cut in the fall and then the fields were pastured heavily with cattle, sheep and hogs until June of this year. Then the stock was taken off and the clover permitted to grow. In the early part of August it will be ready for harvest of a seed crop, as the seed does not come until the second year. It is characteristic of sweet clover that when the tops are mature and the seed ripe that farther down the stem there will be seed not yet mature, and still further down seed that is wholly green. The seed shatters easily and so Mr. Masters has already completed his plans for cutting and storing this crop in the night time and the early morning hours. The binders have been equipped with headlights and they will be other means of artificial illumination. The idea is to cut the clover and haul the bundles and shocks while the dew is still on, thus preventing great losses from shattering.

Will Harvest at Night.

The bundles will be placed in long rows and a number of movable sheds are being constructed where the shocks can be placed for drying purposes. It is possible to thresh sweet clover in about ten days after it has been cut. Mr. Masters believes that by following the "right method and with good luck that he can secure a large seed crop this year. He is further convinced that Morgan county farmers will visit the farm, see the growth made and the general results will be convinced that cultivation of sweet clover affords an excellent opportunity for profitable farming. To his own satisfaction he has already proved that sweet clover can be used with excellent results in feeding all kinds of livestock.

Changes in Agriculture.

The history of farming in this country has been marked by a few outstanding advances in living and working conditions that have not only brought great changes in the industry but have added immeasurably to its attractiveness. Early came the reaping and binding machines and the planters, enabling farmers to expand their grain growing many fold; and with these marked improvements in farm machinery came the expansion of railroads and elevators along them to facilitate the marketing of the increased supplies of grains. Now few farmers are far from railroad and they have become great travelers. For business and pleasure railroads mean much to agriculture. The cream separator, the silo, the Babcock tester, the milking machine, the manure spreader, the gasoline engine, alfalfa lime and phosphorus, household conveniences, free delivery of mail, the telephone, the automobile—the introduction and use of all these improvements, and others of perhaps minor importance, have changed agriculture from an isolated, discouraging occupation to one that is of great attractiveness today to well-trained, broad, capable men and women. The latest and greatest among the improvements of very recent years is without doubt the automobile. Its success in the country has been fully demonstrated. On a recent trip we heard five farmers without autos asked if they had them, in not one case was the question answered by a simple "No." Every one of the five offered an excuse and hoped to have one soon. The farmer without an auto wants one and is going to have one just as soon as he is able. What a change they have brought about in living conditions on the farm! What will be the next great step forward in agriculture? No one knows positively, but the farm tractor is the most promising candidate in the field.—The Farmers' Review, Chicago.

"Fast Markets" Have Fooled the Beef Packers.

Inside workings of the beef trade are described in Farm and Fireside, a National farm paper published in Springfield, Ohio.

"The buyer's aim is to get animals that will dress out well—that is, cost as little in the meat as possible. I don't care what your stuff costs here, it's what it costs dead that counts," is the standard advice from packing-house officials to their buyers. But buyers often sadly misjudge their purchases.

"On a day recently when there was a sharp advance in prices, two steer buyers for a Kansas City plant were having an argument about the probable dressing ability of a drove of steers that cost \$880 a hundred pounds during the day.

"They will dress 57 1/2 per cent easily," said the man who had bought them.

"They won't dress 57 per cent, for a dollar," said the other.

"I don't want your money at 57, but I'll bet you two dollars they make 57 1/2 per cent."

"You're on," said the other man.

"When the dressing sheets were made up the next day it was found that this drove of steers had made only a little better than 56 per cent, which made them cost as much in the beef as a drove of cattle that were bought the same day at \$9.25 a hundred pounds. Of course, the beef from the \$8.80 drove of steers could not be sold for as much by about 1 1/2 cents a pound as the beef from the \$9.25 steers.

"Another pitfall that buyers have to look out for is the matter of fills. A high temperature on Monday and Tuesday, March 20th and 21st, this year cost slaughterers many thousands of dollars, and yielded just that many extra dollars to live stock shippers. A five-car bunch of Colorado cattle arrived at one of the Missouri River markets on the Monday mentioned which gained 40 pounds a head over home weights when weighed on the stockyards scales. That amount, added to a normal shrink on Colorado cattle moving to market, was equivalent to a five-dollar bill on every head of cattle in the shipment for the price was 84 cents a pound. The cattle came down from the Ft. Collins district out of a comparatively low temperature, and as the weather was warm in the lower altitudes they simply could not satisfy their thirst."

BIRTH AND DEATH FIGURES FOR THE UNITED STATES

Country is Behind Other Nations in Manner Records are Kept—Birth Rate far in Excess of Deaths.

Washington, D. C., July 15.—Director Sam. L. Rogers, of the Bureau of the Census, Department of Commerce, has just issued in pamphlet form a paper entitled "The Federal Registration Service of the United States: Its Development, Problems, and Defects," prepared by Cressy L. Wilbur, M. D., formerly chief statistician for vital statistics, Bureau of the Census, and now director of vital statistics, New York Department of Health, in which are set forth many interesting and significant facts in reference to the growth of birth and death registration in this country.

The United States has lagged far behind the more progressive foreign countries in the matter of maintaining reliable records of births, deaths, and sickness. The importance of such records as aids in sanitation and the safeguarding of health is little appreciated by the average citizen, and in many cases by state and municipal authorities. Yet it should be fairly obvious that much more intelligent and effective efforts can be made for the prevention or suppression of any disease if accurate records are available in respect to its prevalence and the number of fatalities caused by it. Furthermore, the problems arising in connection with the rapid increase of certain classes of population and the decrease, or alleged decrease, of certain other classes can be discussed and handled much more intelligently if accurate records of both births and deaths are available. Fortunately, there has been in recent years a gratifying increase in the interest taken by state and municipal authorities in the recording of vital statistics.

Registration a State Function

The great obstacle to the satisfactory and efficient recording of certain statistics in this country is one which is peculiar to our form of government. Under the Constitution the registration of vital records is a matter which must be left to the individual state governments. As Dr. Wilbur says:

"The chief defects and therefore the resulting problems of Federal registration of vital statistics are due to the nature of the development of the work in this country, the dependence of the General Government upon the states for the adoption and enforcement of laws, and the lack of control of the means of registration. Hence the efforts of

the Bureau of the Census, in cooperation with the state authorities have been directed to the promotion of adequate legislation and the standardization of the records made thereunder.

"The history of the registration of vital statistics in the United States has been that of a most valuable and necessary institution of modern society neglected amid more or less pioneer and primitive conditions. There was little thought of making permanent records of individuals in the rapid march of civilization across the continent. There was comparatively little need, for many a citizen of the United States has been born and has died without once having been required during the course of a long life to produce documentary evidence depending on such records. American life was purely individualistic. * * *

"We are changing all this—and we can not contemplate all features of the change without a sigh of regret. As people come into closer contact in our crowded communities, vital records are of increasing importance to protect the rights and insure the privileges of the individual. Schools are overcrowded; child labor must be prevented; widows with minor children receive pensions from the state—perhaps old age pensions are coming; in a multitude of ways the state is entering into the daily life of the people and requiring records of births and marriages and deaths of the interest of the individual."

At the time of the adoption of the Constitution no country is the world has provided for registration of births and deaths as a governmental undertaking. The first records of deaths in New York City are for 1804. In 1842 Massachusetts passed the first state registration law of modern type, it being a direct consequence of the enactment of the English law of 1837, which made vital statistics the foundation of modern sanitary progress.

Death Registration in 1880

Altho statistics of births and deaths, based on information gathered by the census enumerators, had been compiled and published at each decennial census, beginning with that for 1850, it was not until 1880 that any of the data collected were obtained from registration records. In that year the Census Bureau based its mortality statistics for Massachusetts and New Jersey and for New York City and a number of other large cities outside of these two states upon their state and municipal records, accepting them as substantially correct. Altho in square miles this death-registration area represented but an insignificant fraction

of the entire United States, its population was 17 per cent of the total for the country. In 1890 and 1900 the area was extended, and in the later year its population represented more than 40 per cent of the total for the United States.

Annual Statistics of Deaths.

In 1900 there was begun the annual collection of death statistics from the registration area, which has been added to from year to year until it now embraces 26 states and contains 44 per cent of the land area and 70 per cent of the population of the United States. All the Northern states east of the Mississippi River, save only Illinois, are included, together with the five Southern states of Maryland, Virginia, Kentucky, and North and South Carolina (the Carolinas having been admitted in 1916), the Central states of Minnesota, Missouri, and Kansas, and the Western states of Montana, Colorado, Utah, Washington, and California. On the south the area now extends from the Atlantic to the Pacific without a break except that made by Nevada; and on the north the only gaps are those made by North Dakota and Idaho.

Birth Registration.

In respect to registration of births, however, far less progress has been made. Because of the unsatisfactory character of the lax enforcement of birth-registration laws in many states, it was not until 1915 that the Census Bureau inaugurated the annual collection of birth statistics from an area comprising the six New England states, New York, Pennsylvania, Michigan, Minnesota, and the District of Columbia. This area, altho it represents barely 10 per cent of the territorial extent of Continental United States, has a population of approximately 31,650,000, or 31 per cent of the total for the country.

The difficulty in obtaining proper registration of vital statistics is not in most cases due so much to absolute lack of legislative provision for registration as to the inadequacy of the laws or the failure to enforce them. Much progress, however, has been made in recent years. In 1900 no two states employed uniform blanks for recording either deaths or births; but at present what is known as the standard death certificate has been adopted or approved by states representing nearly 93 per cent, and the standard birth certificate by states representing approximately 85 per cent, of the total population of the country.

Birth Rate Far Higher Than Death Rate.

Those who view with apprehension the decline in the American birth rate may take comfort from the fact that the births in this country are still far in excess of the deaths. The excess is probably as great as 50 per cent, and may be even more, but it is not possible yet to estimate it with any degree of precision. The population of the United States would therefore, show a healthy increase from decade to decade, if the present birth and death rates were to remain substantially unchanged, even tho immigration should cease entirely.

IMMENSE ORDER PLACED FOR RED CROSS SEALS

Illinois Preparing For 1916 Campaign—Leaders Hope To See State in Front Rank in Selling.

Chicago, July 15.—Thirty-five million Red Cross seals, the twentieth century bullets used in the war on tuberculosis, have been ordered by the Illinois State association for the Prevention of Tuberculosis for the 1916 campaign, according to an announcement today at the offices of the society, 1214 Hartford Building.

Illinois ranked high among the other states in the 1915 campaign but only one community in the state Gilman, won a place in the national selling competition conducted by the American Red Cross and the National Association for the Study and Prevention of Tuberculosis. Officers of the state society hope this year to see Illinois in the front rank when the credits are awarded.

While the selling season does not commence until Thanksgiving, the men and women who are directing the Illinois fight against the "white plague" are strong believers in preparedness and already they are launching campaign plans. It is proposed to perfect an organization that will cover every city, town, hamlet and country cross roads in the state before the end of November. Women's clubs, school teachers, ministers, labor unions, commercial and civic organizations, doctors, nurses, postmasters, school children and in fact practically every man, woman and child in the state is to be interested either directly or indirectly in the success of the campaign.

As a result of the successful campaign of last year, anti-tuberculosis work in Illinois has taken a big stride forward during 1916. The stride forward during 1916. The and committees has been increased and the state organization has been enabled the summer in campaigns for local tuberculosis hospitals under the state law.

Any man, woman or child in any Illinois community who is interested in the work that is being done against tuberculosis thru funds obtained by the sale of Red Cross seals is invited to write state headquarters 1214 Hartford Building, Chicago.

The Standard of Value and Quality

Sumptuous Motoring

It is instinctive in us Americans to travel, not only comfortably, but luxuriously. We demand everything that means greater safety, greater convenience, greater ease, and elegance of traveling. It is the national habit.

To meet that national standard of luxurious motoring the New Series Fairfield "Six-46" has been designed. And the proof that it has already met that demand is attested by the astounding reception it has received in the short time since we announced it and have had it on exhibition.

We claimed that the New Series Fairfield "Six-46" is "the most completely equipped car that can be purchased on the American market—absolutely irrespective of price." The instantaneous popularity and appreciation of this car have already verified the truth of that claim.

If you have not already seen this car, ridden in it and driven it, we urge you to do so. We urge you to compare it with any other car in the world and see for yourself whether any other car—regardless of price—can offer you so much efficiency, comfort, luxury and intrinsic value as this New Series Fairfield offers you and the price is \$1375.

PREPAREDNESS

Five in One Family

It has taken a long time to prove to doubting people the real necessity of doing more with less effort and expense. Now, as the season approaches for plowing the stubble, hot, dry long days of work are ahead. The horse can not and does not stand up under the strain. You can not force real life and blood against such odds. But, listen, think and study— For the price obtainable from a few horses you can purchase an

AVERY TRACTOR

One that works night and day if you desire. The principal question that interests the "up-to-date" farmer is whether to use horse power or machine power. If you use horses you need an extra number, which in time of "peace," or in other words, when not working, are a heavy useless expense. With the Tractor, think of the difference. "No work, no pay." Or, when not at work no expense to the owner. Experience has taught us that in fall plowing you should plow six to nine inches deep, so as to kill weeds and make a good deep seed bed, one that will preserve the moisture from winter rains and snow, something that will double your yield. The Avery Tractor is built close at home, is one of the first in the field, and is built by people who know how Avery Tractors are standardized. They're past the experimental stage. They have proven their superiority in all the field tests. That's why we can and do give exceptionally strong guarantees, which are backed by the Avery Company. Remember this special warranty: Avery Tractors are guaranteed to develop their full rated horse power or more, either on the belt or on the draw bar. A careful study of the Avery catalog which we will be glad to furnish you will convince you that we have a little better machine than the best yet built by any other concern. And, again, we will be only too glad to show you this famous engine in operation in the farmer's hands. The boys who have used them for the past year can tell you. We carry a sample Avery Tractor at all times on our sample floor, and we will be more than pleased to show you how easy it is to handle. This is the Tractor for LONG LIFE, SATISFACTORY SERVICE AND EASE OF OPERATION. Come in and see for yourself. We can show you how we can handle any fuel that it is possible for tractors to use, kerosene, gasoline or naphtha.

OPERATIONS IN STOCKS LIMITED TO THE PROFESSIONAL ELEMENT

Tennessee Copper Falls Three Points to Its Lowest Price of Recent Years—Equipments and Motors React Slightly.

New York, July 15.—Business was of the usual mid-summer sort today in that operations were limited to the professional element which sought out new points of weakness, with indifferent success. Tennessee Copper fell three points to its lowest price of recent years, before supporting orders and short covering effected complete recovery. Equipments and motors, with other industrials and minor specialties reacted slightly, but these too came forward later. Among the high priced specialties Bethlehem Steel was conspicuous for its gain of 9½ points and Sears-Roebuck was unusually active on its rise of 5½ points. Total sales of stocks amounted to 145,000 shares. The bank statement bore out its promise of a large cash gain actual reserves in own vaults and other depositories showing an expansion of slightly more than \$35,000,000 with a gain of \$41,563,000 in surplus, thereby more than offsetting last week's heavy loss. More notable however, was the loan contraction of \$72,930,000 showing a decrease of more than \$11,000,000 in the last fortnight. Gold to the amount of \$2,000,000 was received from Canada, making the fourth installment of the week. There was virtually no market for foreign exchange.

LIKELIHOOD OF BLACKRUST DAMAGE LEADS TO AGGRESSIVE BUYING

Wheat Scores Sharp Advances and Finish is Strong at Gains of 3 to 3 1/2 Cents—Corn Prices Advance.

Chicago, July 15.—Likelihood of extensive damage from blackrust led to aggressive buying today in the wheat market here. As a result sharp advances were scored, and the finish was strong at gains of 3 to 3 1/2 cents with July \$1.11 and Sept. \$1.13. Corn closed 1 1/2 to 2 1/2¢ up and oats, up 1 to 1 1/2¢. In provisions the outcome ranged from 2 1/2¢ decline to a rise of 5¢. Wheat advanced to the highest quotations of the week and held nearly all of the gain. Sultry moist weather in the northwest furnished the motive power. The assertion was made that the rust was general there. A further incentive to the bulls lay in the fact that pit offerings here were unusually small until the market had shown a decided advance. Enlarged export demand accompanied the rise in the value of wheat. It was estimated that as much as 1,000,000 bushels at the seaboard was disposed of for shipment to Europe.

Corn prices were lifted by word that the crop was firing in Illinois, Missouri and Kansas. Temperatures above 100 were reported in the southwest and there was serious complaint of the absence of rain. In oats as in other cereals crop damage reports acted as a handicap on the bears. Moreover the call from the seaboard was good and stocks were expected to show a big decrease for the week. Provisions rallied on account of the strength of grain. At first the market had been depressed owing to a decline in the value of hogs.

700 Improvements
Made by John W. Bate, the Efficiency Engineer

The Mid-Year Mitchell is the 17th model which John W. Bate has built. He has worked out in those models 70 improvements, and all are now found in this car.

26 COSTLY EXTRAS
You will find in this Mitchell 26 costly extras—wanted things which other cars omit. Things like a power tire pump, reversible headlights, cane-handle control, cantilever springs etc.

There are 26 of those extras—each something you want. In other cars they would cost you an extra price. In the Mitchell they are free. All are paid for out of factory savings.

Fellows who are looking for something for nothing usually pay
for all they get--If good, it's valuable.

CITY PROPERTY.
No. 622--Lot 90x345, with 7 room house, barn, fruit and fine
shade. Well, cistern, cellar. Good condition. East College avenue.
Price, \$1,800.

No. 505--Lot 84x160 on N. Pine, 8 room house. Edge grain floors
and modern throughout. East front, \$3,750.

No. 523--On west side car line, one of the finest houses obtainable,
location ideal, house of 8 rooms, most excellently arranged, with every
modern equipment, all in first class condition. We offer this as a special
bargain, but you must see it to get the price. It's O. K.

FARM PROPERTY.
No. 441--130 acres northeast of city, 15 acres rolling, pastoure
land near barn, balance in cultivation. New three room house, barn
for six horses and other out buildings. Well fenced. This looks like
a bargain at \$1,000. Will lend \$6,000 on farm if you need it.

No. 619--200 acres 1-1/2 miles from govt town on C. & A., mostly
good farming land, with a little good white oak timber. Two full sets
of improvements--and they are good. Good houses, good barns, a big cat-
tle and hay barn, scales, and everything in good shape. If you want a
real home at a real bargain, where you can make real profits, see this
one at only \$125.

PETE DEALEY OWNS ATTORNEY.
In Justice Coons court Saturday
Peter Dealey brought suit against
Clarence Duncan for possession of
residence property on South Kos-
ciusko street. It seems Duncan had
rented the property from Dealey's
wife. The case was tried by a jury
and Duncan was represented by P.
P. Thompson while Dealey presen-
ted his own case. After hearing the
evidence the jury returned a ver-
dict in favor of Dealey.

FORMER MORGAN COUNTY PEOPLE HELD REUNION IN CHICAGO

Fifth Annual Picnic at Jackson Park
—Speakers Referred to Earlier Days Here.

Chicago, Ill., July 15.—(Special)—The fifth annual meeting and picnic of the Morgan County-Chicago society was held here today. Former residents of Morgan county met by agreement at the pavilion in Jackson park and spent the remainder of the day together. Following the serving of a basket luncheon an informal program was carried out with speeches by Oliver S. Green, Col. W. H. Edgar and Robert L. Montgomery. Naturally many references were made to earlier days in Morgan county and to people resident in Jacksonville and vicinity at that time, and also to the changes which time has made.

Officers of the society were chosen as follows: President, Q. H. Chapin; first vice president, Charles G. Rutledge; second vice president, Dr. Emily Selby; treasurer, W. L. Alexander; secretary, Emma B. Patterson; assistant secretary, Anna Marie Moseley.

Among those present for the picnic, which was accounted the most successful of the series thus far held, were Mrs. M. R. Allen, Clara B. Allen, Bertha Allen, Idella Walton, Mr. and Mrs. W. L. Alexander, Mrs. Virginia Gordon Bell, Q. H. Chapin, Mr. and Mrs. Harvey Beatson, Col. and Mrs. W. H. Edgar, Mr. and Mrs. A. A. Fricke, Mrs. Charles Franz, W. E. Gunn, Oliver S. Green, Mary Green, Mrs. Mary Humphrey, Mrs. Thomas Moseley, Anna Marie Moseley, George Huntoon, A. L. Kimber, Robert L. Montgomery, John McBride, Mr. and Mrs. D. H. McBride, Miss S. C. Monahan, Mr. and Mrs. W. C. Osborne, L. A. Patterson, Emma B. Patterson, Mrs. John Ryan, Charles G. Rutledge, Lilly Way Rutledge, Mrs. Floyd Seaver, Mr. and Mrs. R. E. Short, Mr. and Mrs. Otis Wessner, Mrs. L. D. Wilson.

FUNERALS

Cody.

Funeral services for little Virginia Merle Cody were held Saturday afternoon at 3 o'clock at the residence of the parents, Mr. and Mrs. A. G. Cody, 265 North Pine street, Rev. F. B. Madden of Grace church officiating. Music was furnished by Mrs. H. C. Woltman with Mrs. Homer Potter as accompanist. The many beautiful flowers were cared for by Misses Ethel Spires, Mary Spires and Wilma Williamson.

Virginia Merle Cody was born in this city Dec. 3, 1914, and was therefore at the time of her death a little more than nineteen months of age. There are surviving besides the parents, one brother, Willard, and one sister, Frances. The grandparents are Mr. and Mrs. James Cody of Medersia, Ind. and Mr. and Mrs. Charles Bird of Yates City, Mo. Mr. Madden mentioned to the especially sad circumstances attending the child's death and referred to it as one of those happenings hard to understand, that a little child, giving so much of promise should be suddenly called away. The attendance at the funeral was unusually large, for the community sympathized in a special way with Mr. and Mrs. Cody in the time of sorrow which was thrust so ruthlessly upon them.

The pall bearers were W. D. Cody, E. V. Cody, Bruce Bird and Asa McGlaughlin. Interment was made in Diamond Grove cemetery. Those from a distance attending the funeral were Mr. and Mrs. A. C. McGlaughlin, of Duncan, Ill.; Mrs. Howard Hasselbacher of St. Joseph, Mo.; Mrs. Claude Boley of Williamsfield, Ill.; Mr. and Mrs. Bruce Bird of Mosco, Ill.; Mrs. M. E. Sweeney of Galesburg, Ill.; Mrs. Marie Hillig of Meredosia, Ill.; Margaret and Ed Cody of Meredosia, and Mrs. C. B. Bird and Eleanor Bird of Yates City.

COOK COUNTY NEWSPAPER MEN VISIT COL. LOWDEN

Spent Saturday as Visitors at his Big Farm Near Oregon—Candidate Will Spend Busy Week.

Oregon, Ill., July 15.—One hundred representatives of the Cook County Press Club representing papers published in suburbs of Chicago were guests of Col. Frank Lowden at his Mississippi farm on Rock river. The Republican gubernatorial candidate, who ended his third week of southern Illinois campaigning with a speech at Robinson, Friday night, traveled from Chicago with some of the newspaper men on train. Others made the 190 mile trip from Chicago in automobiles. After inspecting the farm and paying special attention to the modern dairy of blooded cattle which is run on a business basis, and not as a fad, the visitors declared that the colonel is a real farmer.

The newspaper men were also greatly interested in "Hilltop" at the farm. Mrs. Lowden's private charity where children convalescing from illness and surgical operations can find happy homes and care for several weeks. Boys are cared for in the summer time and girls in the winter. The coming week will be Colonel Lowden's fourth on the stump and he will be busy from Monday, when he attends a picnic at Moose Park, until Saturday, when he delivers a Republican speech at the Centennial chautauqua.

MR. FAYERWEATHER

IMPROVING.
A recent note from William F. Fayerweather, well known to some Jacksonville people, states that he has recently had quite a serious spell of illness, but that he is now much improved.

Mr. Fayerweather was a nephew of Mrs. J. M. Sturtevant and was graduated from Illinois college with the class of 1865. His home was then in Burlington, Ia., but has been in Kansas City, Mo., for many years past. His friends will be glad to hear Mr. Fayerweather is better, and will hope for his quick and full recovery.

FISHING AT NAPLES.
A party of disciples of Isaac Walton went to Naples Saturday evening where they will spend Sunday fishing. All of the party took orders for fish for their friends and expect to make a large delivery on their return. Those in the party are E. C. Nunes, Bert Cassell, Henry Cassell, James Smith, William Keefe and Joseph Smith.

MADE ADDRESSES.
The following made addresses at the Court house meeting Saturday in addition to those mentioned elsewhere. Thomas Worthington, Bernard Gause, Pres. C. H. Rammelkamp, W. N. Haigrove, H. C. Montgomery, S. W. Nichols, Rev. W. E. Spooner, H. H. Bancroft, Dr. G. W. Miller and others.

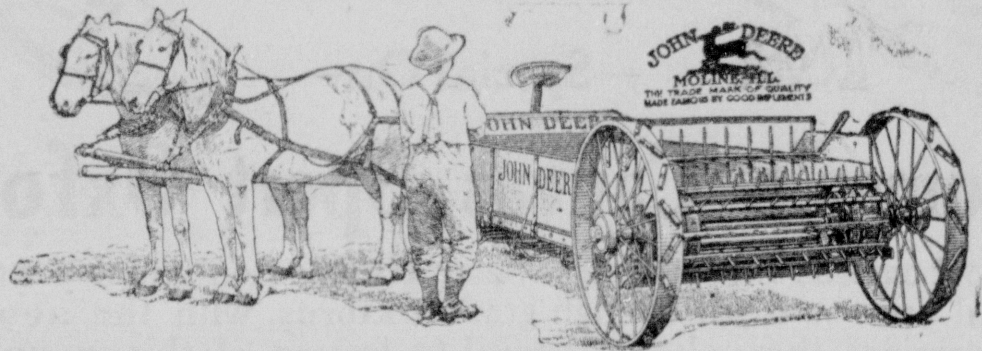

LOUIS WILLIAMS, A GREAT CHAUTAUQUA ATTRACTION

One of the excellent attractions for the Jacksonville chautauqua scheduled for Tuesday evening, August 22, is "Williams and His Marvels of Electricity." Those who are interested in the spectacular and the marvelous will be fully satisfied with the program which will be given by Louis Williams. Those who believe that every program should be educational will also be pleased and it is doubtful if there is any entertainment of the platform that offers more to gratify and to entertain. Mr. Williams will illustrate first the chemical source of electricity, giving a number of striking illustrations of this method of producing the electric fluid. He will illustrate magnetism as the first really practical sort of electrical power. These demonstrations lead naturally to the use of the static machine and later to the telegraph, telephone and the wireless telegraph, all of which are demonstrated and explained. Experiments will be made with currents of high potentials and high frequency, by the use of Tesla's wonderful apparatus, showing the X-ray ultra-violet ray and miniature lightning.

Mr. Williams carries with him an elaborate equipment of dynamos, generators, motors and electrical and chemical apparatus which have cost him many thousands of dollars.

LOCAL PEOPLE INTERESTED IN NEW YORK SUIT

Proceedings Are in Progress to Settle Distribution of \$10,468 Balance of Leggett Estate.

New York, July 15.—A contest has been begun in the surrogate's court between three cousins, Julian P. Lippincott, a lawyer of Jacksonville; Thomas W. Lippincott, and Sarah L. Bird, both of Pasadena, Cal., combined, on one side, and Elsie Tiemann and Adeline Breath Tiemann, nieces, on the other, over \$10,468.65 left by Miss Adeline M. Leggett, who died on Sept. 23, 1914. The litigants all believe they are entitled to the money.

Miss Leggett, who was 80 years old, left a net estate of \$16,086.78, which, by will, executed on Dec. 14, 1904, and by codicil, executed on March 22, 1909, she bequeathed all but the residue, which sum is now the subject of the contest to various friends and directed that this—\$10,468.65—be held in trust as life estate for her two cousins, or to the survivors, after which the survivors leave the property to the two Tiemann women.

As the two life beneficiaries predeceased the testatrix, the three cousins, by asserting to be Miss Leggett's next of kin, are demanding each one-third of the residue from the executor, Herman Drisler of No. 122 Cottage avenue, Mount Vernon, N. Y., upon the ground, in their opinion, the testatrix had died intestate as to the distribution of the residue.

The two nieces, however, assert otherwise, each claiming one-half of the residue under the specific directions of the testatrix in her will filed and probated in the court.

The issues in the case, it is expected, will either reach Surrogate Robert Ludlow Fowler or his brother surrogate, John P. Cohalan, some time in the near future for a ruling and an appeal is likely.

WILL TAKE UP MATTER OF ELECTION EXPENSE

The board of education probably will hold a special meeting in the near future to take up the matter of paying the judges and clerks at the election held when the school board was selected under the general election. At the last meeting of the board a committee was appointed to consider all unpaid bills. The committee probably will make a report to the board at the meeting to be called. Superintendent Perrin has written the board suggesting that the meeting be held either on July 26 or 27. Owing to the question of election claims coming up the meeting will have more than ordinary interest.

BOY SCOUTS WILL REORGANIZE

A call was issued Saturday by H. A. Brewer, physical director of the Y. M. C. A., for all boys in the city who are interested in the reorganization of the Boy Scouts to meet at the Y Monday evening at 7:30 o'clock. Several years ago there was a flourishing organization of Boy Scouts in Jacksonville. Director Brewer left the city and the organization lapsed. It is thought that the scouts can be reorganized and that the organization will prove greater than ever.

WINCHESTER

Mr. and Mrs. Charles Coultas and Miss Elizabeth North were Jacksonville visitors Saturday.

There were only four to take the teacher's examination here Friday. They were John P. Taylor of Chapin, and Misses Floy Nelson, Frieda Vortman and Cathleen Sappington, all of Winchester. The examination was held in the grade school building, with John Ward, county superintendent of schools in charge.

Mrs. George Quintal and daughter, Mrs. L. L. Six and Mrs. Helen Brackett of Bluffs and sister, Mrs. Anna Dresser of Jacksonville were business visitors here Saturday.

Mrs. B. H. Delac and daughter, Frances who have been visiting at the home of Mr. and Mrs. Ormsby Dawson left for Peoria and Chicago before returning to their home in California. Several dinner parties were given in their honor while they were here.

Glasgow and the country west of Winchester received good rains Friday. Winchester received only a dust storm. Lightning struck a tree in the yard of Jacob Buckley's residence.

W. H. Kinneson and daughter, Helen left Friday noon for a visit with Jacksonville relatives.

Samuel Rimbey of White Hall was a business visitor here today. Mr. and Mrs. Leonard Branson, of Tiana, Ill., were visiting here Saturday.

Miss Nan O'Donnell visited friends in Roodhouse Saturday afternoon and evening, returning on the night train.

George Mader entertained the following young men at a six o'clock dinner at the home of his parents Saturday evening: Wilson Coultas, James Wainwright, Ralph Overton, Clyde North and Harry Wallace.

HAD NARROW ESCAPES

Max Kruell, fifteen year old son of Rev. J. D. Kruell of Springfield narrowly escaped drowning Friday near Havana. The boy with his father went to Havana to spend the day and went in swimming, at Matanzas beach. He swam a ways out and got back to the diving board and attempted to draw himself up but was too much exhausted. He fell back into the water and went down. Isaac Follis, former Springfield boy saw him and rowed out and caught him by the shoulder just as he was going under for the third time. He dragged him into the boat and took him to the shore. The worst effect Kruell received was the shock. Efforts will be made to secure a Carnegie medal for Follis.

CANDIDATES DRAW FOR PLACE ON PRIMARY BALLOT

Petitions Sealed in Plain Envelopes and Then Numbered—Plan Worked Out Satisfactorily.

According to the drawings for position on the primary election ballot which took place in the office of County Clerk Burff Saturday the names will appear as follows:

Republican Ticket.
Circuit Clerk—F. M. Brewer.
State's Attorney—F. L. Gregory.
Carl E. Robinson, Paul Samuel.
Coroner—J. A. Crum.

Democratic Ticket.
Circuit clerk—Eugene D. Pyatt.
Charles W. Boston, Carlin C. Berryman.

State's Attorney—Paul P. Thompson, W. W. Wright.
Commissioner—J. L. McD.
Robert R. Coultas.

Coroner—G. W. Wright, J. M. Summers, D. J. McCarty, W. S. Lorton, T. H. Burnett, Philip Grant.

This does not mean that the names recorded will be the only ones to appear on the ballot as Saturday was merely the first day for filing. No candidate has yet signified his intention of running for commission on the Republican ticket and it is known that there are candidates for other offices on both tickets who will eventually file their names in proper form. The drawing occurred about eight o'clock in the county clerk's office Saturday morning.

Each candidate was given an envelope in which he placed his petition and then all the envelopes were placed in a box and thoroly mixed. When George H. Busey did the drawing and as each envelope was taken from the box the number was penciled on it. When all had been drawn they were opened in numerical order and placed on the ballot form in accordance with the numbers. This method of procedure was very satisfactory to the candidates and avoided the waiting and delays which have marked some first filing days.

MCCARTY LAND SOLD.

Yesterday afternoon at the south door of the court house an important land sale was conducted by Capt. John E. Wright, auctioneer and J. O. Priest, attorney. The property in question was nearly 600 acres of land of the estate of Margaret McCarty, widow of William McCarty, and lying in the vicinity of Alexander and some of it choice land. Bidding was not very spirited and not very many attended the sale as it seemed to be the plan to keep the land in the family.

William McCarty, a son, bought a third interest in a forty for \$400. "Black" Dan McCarty bought a third interest in an eighty for \$1,000. A half interest in a 160 acre tract, formerly known as the Ayers land, went to Dan McCarty for \$5,031. What was known as the Dalton forty went to Peyton Bland for \$256 an acre.

The Tuttle tract of 61 acres went to William McCarty for \$2,000. The William Willerton tract of 182 1-2 acres went to William McCarty for \$5,200.

BLUFFS CHAUTAUQUA CLOSED SATURDAY NIGHT

Attractions Pleased People but Attendance Did not Make Affair a Financial Success—Mrs. Collins Entertained Company of Friends.

Bluffs, Ill., July 15.—From an educational standpoint the community chautauqua has been a success, but not enough season tickets were sold to make it a financial success. The deficiency will be made up by the forty enterprising citizens who by their generosity made it possible for the chautauqua to be held. It has been a great week and despite the sweltering heat and dust the tent has been filled at almost every session. The Sheehan Concert company which played Thursday afternoon and evening made a great hit. Miss Vivian Des Jardins, Miss Teresa Sheehan and Mr. Frank Glover were all heard with great acceptance. Denton C. Crowell presented a real Sam Jones lecture on "A Medley of Philosophy, Facts and Fun." Vitale's band gave a splendid concert and Hon. George E. Gorham's lecture was heard with interest. The Swiss Alpine singers and yodelers had the platform Saturday afternoon and evening and brought the chautauqua to a delightful close.

Mr. and Mrs. Charles Collins entertained twenty-two friends at their home Friday evening in honor of their guests, Mr. Dewey Collins of Sellersburg, Ind., and Miss Leela Bean of Winchester. Games were played upon the lawn after which refreshments of cream, fruit salad and lemonade were served.

Miss Mary Chance of St. Louis visited friends here the first of the week.

Miss Minnie Logan of Springfield, Mr. and Mrs. Harry Logan of Decatur and Mrs. J. M. Parish of Clovis, New Mexico, are guests at the home of Mr. and Mrs. Harvey Logan.

Mrs. J. M. Parish accompanied the remains of her son, W. C. Parish, a traveling salesman and former resident of Decatur to his former home for burial Wednesday of last week. He died at his home in Clovis, New Mexico, Tuesday, aged 41 years.

Mrs. C. M. Meats has gone to Peoria to visit her sister, Mrs. Lottie Evans.

Mrs. Wm. Powell of Springfield visited friends here Friday.

Mrs. Mary Brockhouse and daughter-in-law, Mrs. Fred Brockhouse visited this week with the former's brother, H. A. Brnuo and attended the chautauqua.

JAMES GUYETTE SAVES HIS PIANO

When the residence of Everett Pennell on the Masters farm near Murrayville burned Friday James Guyette appeared in the role of a hero tho he didn't save any lives. However, he saved a brand new piano which he had just placed in the house.

Guyette had delivered the piano to the Pennell home and was sitting in the parlor with Mr. Pennell closing the contract. Mr. Pennell had just signed the contract and was in the act of affixing his name to a check when Mrs. Pennell discovered that the house was on fire.

The three rushed to the yard and saw that the whole roof was in flames. Guyette's first thought was of his piano. He ran back in the house and unassisted dragged the heavy instrument thru two rooms and down a flight of seven steps to the yard. He then went back and carried out the piano bench and then helped Mr. and Mrs. Pennell save some of the furniture.

Guyette weighs 140 pounds and the piano weighs about 1000 pounds. Guyette did not learn until he reached Jacksonville Friday evening that his shoulders and arms were severely strained in moving the piano to a place of safety.

TO VISIT FRIENDS HERE.

Elbridge Thrapp, son of Rev. B. F. Thrapp, of Los Angeles, is expected in Jacksonville Tuesday to be a guest at the home of Mr. and Mrs. George T. Douglas. Mr. Thrapp, who will be a senior in Leland Stanford university the coming year, is now visiting relatives in St. Louis. From Jacksonville he will go to Chicago and Beloit, Wis., to spend a number of weeks with relatives before returning to his home on the coast.

George Coo has returned from a vacation enjoyed with friends and relatives in and about Chicago and is again at his post in the Clothing store of J. W. Lane.
